JUDGE 1	APEX The high point of the apex & arch must be consistently and correctly placed on each nail. It must not be overly pronounced and should look elegant, even & consistent. From the side, the apex should be between 25% & 50% of the entire nail bed. Don't mix—choose one.	20	
JUDGE 1	CONVEX & CONCAVE From the tunnel view, the structure must consistently follow the entire nail length in convex & concave. It must be symmetrical & even on all fingers. Lower side lines, viewed underneath, must be thin & even on both sides. Nails must be consistently thin throughout; thinner, consistent work carries a higher degree of difficulty.	20	
		40	
JUDGE 2	UPPER ARCH – UPPER SIDE LINE (TOP & SIDE VIEW) From the side, the upper arch extension must run to the point, meet the lower arch & be even on all 5 nails. From above, side lines must not be wider than the natural nail fold or filed away. Extension side lines must emerge from the lateral sidewall, taper into a triangle and end at the sharp stiletto point.	20	
JUDGE 2	LOWER ARCH / LOWER SIDE LINE (SIDE VIEW) Lower side lines must be even, neat & extend straight from the lateral fold on both sides. They must meet the upper arch at the sharp stiletto point, with no steps or ridges. Viewed from the side, both side lines should be at the same height.	20	
		40	
JUDGE 3	SMILE LINE PINKIE & THUMB Consistent shape on both nails, evenly applied so tips match, with no shadows, dips, pits, cloudiness, marbling or waves. The smile line must be clean, sharply defined and balanced with the hand, finger, shape & cuticle. End points must finish sharply in both lateral folds and measure equal distances on the right & left. (5 points per nail)	10	
JUDGE 3	NAIL EXTENSION Even product application with no shadows, bubbles or pits, consistent across all 5 nails. (2 points per nail)	10	
JUDGE 3	NAIL BED Even product application with no shadows, bubbles, dips, pits, cloudiness or marbling, consistent across all nails. Nail-bed colour must complement the skin tone on both pink & white nails. Choose transparent pink, clear and/or camouflage consistently on both. (2 points per nail)	10	
		30	
JUDGE 4	NAIL LENGTH Length must be consistent & proportionate across all 5 nails. The pinkie must be shorter than the ring & index; the ring & index shorter than the middle & thumb. Measure from the cuticle to the stiletto point. The correct ratio is 40:60 nail bed to extension; e.g. 16 mm nail bed + 24 mm extension = 40 mm total.	20	
JUDGE 4	NAIL SHAPE The nails must look consistent & uniform from above, from the model's perspective and from the side. A triangle must be created and the extension must end in a sharp point.	20
