Nailympia® COMPETITIONS

2027 SCORESHEETS

Salon Nails

COMPETITOR NAME:

Anaheim | China | Orlando | San Antonio | Puerto Rico | London | Sicily

		Total Possible Points	Total Points Given
JUDGE 1	**COMPLEXITY OF SMILE LINE** Consistent smile-line shape on all 5 nails, evenly applied so the tips match, with no shadows, dips, pits, cloudiness, marbling or waves. The line must be clean, sharply defined and evenly curved, marking the division between pink and white.	20	
		20	
JUDGE 2	**C-CURVE | C-ARCH (TUNNEL VIEW)** The C-curve should follow the shape of the nail down its entire length, both convex and concave, forming the C-arch (tunnel view). The C-curve will depend on the shape of the nail - but must be consistent across all 5 nails. (TIP: 30% curve on the nails for square - 30-60% for almond shape.	20	
JUDGE 2	**APEX** The high point of the apex and arch must be consistently and correctly placed on each nail. It must not be overly pronounced and should be elegant, even and consistent. From the side, the apex should be between 25% and 50% of the entire nail bed. Choose one placement consistently.	20	
JUDGE 2	**HAIR LINE & FREE EDGE THICKNESS** The nails must be consistently thin throughout, uniformly thin on each nail and no thicker than a credit card. Thickness will be considered in the degree of difficulty, with thinner and consistent work being more difficult.	20	
		60	
JUDGE 3	**NAIL LENGTH** Length must be consistent and proportionate to the hand on all 5 nails. The pinkie must be shorter than the ring and index fingers. The ring and index fingers must be shorter than the middle finger and thumb. Extension length is the competitor's choice and must be max. 50% of the entire nail bed.	20	
JUDGE 3	**NAIL SHAPE** Shape must be consistent and uniform from above and from the model's perspective. Any shape is allowed as long as you stay consistent across all 5 nails. Choose one shape only.	20	
		40	
JUDGE 4	**CUTICLE AREA** There must be no cuts or irritation around the skin. Points are deducted for damage during the competition. Product application must be even, with no ledge or missing product. The enhancement should look and feel as though it grew off the finger.	10	
JUDGE 4	**FORM FIT | PRODUCT RESIDUE** An exact fit of the sculpting form or tips is required. With tip application, the contact area must blend to transparency. There must be no adhesive residue, file dust or polish beneath the enhancement and no injury to the surrounding soft tissue.	10	
JUDGE 4	**FINISH | HIGH SHINE** All nails to be brought to a high shine over the entire surface of the nail. There should be no visible file scratches, no matte spots on the surface due to unevenness & the work is to be performed using a high shine buffer or the use of top gel. Nails must have a smooth, glass-like finish.	10	
		30	
JUDGE 5	**WHITE EXTENSION / APPLICATION OF WHITE** Even application of product, no shadows, or bubbles, no pits & consistent across all 5 nails. Sharp division of colour at smile line & no pink or clear on the white extension.	10	
JUDGE 5	**NAIL BED / APPLICATION OF PINK/CLEAR/CAMOUFLAGE** Even application of product, no shadows, or bubbles, dips, pits, cloudiness, marbling & consistent across all 5 nails. Sharp division of colour at smile line & a good blend to the nail bed towards the cuticle area. Choose transparent pink, clear and/or camouflage but consistent on all 5 nails! Nail bed of the index & ring fingers should have the same length measured from the cuticle area to the deepest point of the smile line. Pinkie nail bed needs to be shorter than the index & ring fingers. Nail bed of the middle finger needs to be longer than ring & index fingers & the same on the thumb. Use transparent pink, clear or camouflage, for all nails! The colour of the nail bed needs to complement the skin tone. By following these guidelines, you will produce a beautiful set of nails.	10
